PROJECT SCOPE: (Provide a paragraph or two describing the major project elements. Pay particular attention to new features such as lane widening, lane additions, bikeways, etc. Include details requested on supplementary sheets.)

Prepare a design concept report that evaluates alternatives for modification to the bridge to safely accommodate bikes and pedestrians. The report will include traffic engineering analyses of alternative modes needs and structural engineering analysis of the bridge. Currently, the bridge lacks adequate bike lanes and sidewalks, making access to the Rillito River Path difficult.

CURRENT STATUS / PROGRESS		
For new applications, provide a narrative describing how this project Addresses the criteria established in the TIP scoring procedures.	Could this project be advanced if funding was available? If YES indicate earliest commitment schedule Attach additional sheets as necessary	YES NO
This record is used for Blank Application forms.
