“GREEN FLEET DAY” FEATURING ALT-FUEL, ELECTRIC, AND HYBRID FLEET VEHICLES HOSTED BY AUTO SAFETY HOUSE, NOVEMBER 10TH AND 11TH

(PHOENIX, October 20, 2009) – Auto Safety House LLC will be hosting a “Green Fleet Day” at their Phoenix and Tucson branch locations, November 10th (Phoenix – 2630 W. Buckeye Rd, Phoenix - 85009) and 11th (Tucson – 1402 E. Benson Hwy, Tucson - 85714) from 10AM to 2PM each day. Fleet vehicles on display will feature, CNG, Propane, Hybrid Electric and Electric vehicles and fleet solutions suppliers featuring “green” fleet solution products such as oil filtration and extension systems, diesel emissions reduction products, energy efficient LED lighting solutions, tire air pressure monitoring systems, light weight lifting equipment, re-cycled antifreeze, etc. Public officials from local city, state and regional environmental agencies are expected to attend.

“In years past Auto Safety House has hosted fleet day events, but this is our first “Green Fleet” day event, which will provide an opportunity for fleet owners to view a large variety of green fleet solutions and technologies currently available.” commented Jim LoPresti, President/CEO of Auto Safety House. “Vehicles on display will include a CNG waste vehicle, diesel electric hybrid school bus, propane light duty work trucks, CNG light duty utility vehicles, all electric tour jeep, and electric scooters.” commented Rudy Garcia, Vice President of Sales and Marketing of Auto Safety House. “Many of our fleet owner customers are interested in knowing what types of energy efficient vehicles and green fleet solutions are currently available for use in their existing fleet operations. Our commitment as a “green” supplier will be demonstrated during these Green Fleet Day events, which truly presents a “win-win” situation, enabling us to improve the environment and also grow the emerging green economy”.

About Auto Safety House:

Auto Safety House (ASH) is a fleet solutions provider assisting fleet operators of all types (Municipalities, School Districts, Contractors, Public Utilities and other miscellaneous private fleets) with products and services to maintain and operate their vehicles in a safe and efficient manner. ASH is a distributor of new and used buses, truck equipment, bus, truck and trailer parts and also performs emergency vehicle modifications. ASH offers a diverse mix of heavy-duty mechanical services in facilities throughout the Southwestern United States. With over 68 years of experience, ASH is constantly striving to strengthen its reputation as the solution for your fleet needs today and tomorrow.
