- The Project is Done
- Questions

Who Prepares the SWPPP and Who Reviews It

Town of Marana: Reviews SWPPP but does not require it to be certified

Pima County: Does not review the SWPPP or require it to be certified

City of Tucson: Reviews SWPPP and requires certification

Oro Valley: Reviews SWPPP and requires certification

Regulatory Agency Requirements

- Must conform to requirements of ADEQ Construction General Permit
- Check with the jurisdiction you are working in for additional regulations
- Town of Marana's Title 25
 - Re-perc on retention basins
 - Tiered sediment control
 - No erosivity waiver

Where is That Binder?

- Prior to construction starting, the accepted SWPPP should be given to the contractor, so appropriate plans can be made for implementation
- Binder can be kept either on site (job trailer, lock box)
- Or off site (must have posted info on how to get a hold of in a reasonable amount of time)

Getting the Binder Dirty

- Binder must be sturdy enough to endure the construction site
- Mark up those Plan Sheets!!
- Are your forms lonely?
 - Inspection Forms
 - Major Activity Log
 - BMP Implementation/Modification

The Project is Over

- Do you have what it takes to file your NOT?
 - Does the jurisdiction want to verify?
- Who is responsible for keeping the SWPPP for the required 3 year minimum?

Common Gaps in Information

- Who is responsible for what
- Getting the information out there – Site Signage
- Not opening the Binder
- That's not how (insert jurisdiction name) does it
- The jurisdiction is going to inspect the site?

Questions
