MEDIA ADVISORY

Tucson Regional Clean Cities Coalition, ROUSH CleanTech, Ferrellgas, and ThyssenKrupp Elevator Americas bring propane-powered vehicles and expertise to Tucson for a one-day-only event!

What: Join the Tucson Regional Clean Cities Coalition as we debut the ROUSH CleanTech propane autogas powered vehicle. ROUSH CleanTech, Ferrellgas, and ThyssenKrupp Elevator Americas will be demonstrating propane autogas powered vehicle technology to fleets, elected officials, and the public. Join us for this unique opportunity to showcase propane autogas as a motor fuel, and see how we can help reduce America’s dependence on petroleum through the use of propane autogas. ThyssenKrupp Elevator Americas will demonstrate their reasons for choosing propane autogas for their company fleet.

When: Tuesday, July 12, 2011 10:00 am
Light Refreshments Served

Where: El Presidio Park (between City Hall and the Pink County Building)
160 W. Alameda
Tucson, AZ 85701

Speakers: Tom Alston, Congresswoman Gabrielle Giffords, Dist. 8
AZ Representative Bruce Wheeler, District 28, Committee for Energy and Natural Resources
Brad Beauchamp, ROUSH CleanTech
Jonathan Loeb, Ferrellgas
Tom Armstrong, Director of Fleet, ThyssenKrupp Elevator Americas
