Tucson Clean Cities to host Electric Vehicle Zone at Sunday UA baseball home games

Starting on Sunday, Feb. 19, Tucson Clean Cities will host an EV Zone during the Sunday home games of University of Arizona baseball at Hi Corbett Field. The EV Zone will showcase EV charging infrastructure from Eaton Corp., a Chevrolet Volt, courtesy of O’Rielly Chevrolet, and information about electric vehicles and EV infrastructure including assistance in how to find charging infrastructure throughout Tucson and the United States.

Tucson Clean Cities, a program of Pima Association of Governments, will host the EV Zone at all Sunday home games through May. Future games will feature antique electric vehicles, courtesy of Bookmams.

An in-game promotion will feature giveaways from the Tucson Clean Cities program with support from Tucson Clean and Beautiful. Participants can sign up at Hi Corbett Field before the game begins at noon.

The EV Zone will be located in the south breezeway next to the stadium entrance. You can check it out this Sunday or other Sunday home games on March 4, March 11, March 18, April 1, April 15, April 29, May 6 and May 27. Ticket information is available at (520) 621-CATS or www.arizonawildcats.com

Pima Association of Governments is an association of local, state and tribal governments with a mission to build consensus among its members and the public on regional planning for transportation, energy, air quality and water quality. PAG’s staff gather and analyze data, provide accurate information, and coordinate an open and cooperative planning process to promote good decision-making for the region. Please visit www.PAGnet.org for more information or www.facebook.com/PAGregion.
