PAG coordinates regional cleanup event along Houghton corridor

More than 40 people participated today in a litter cleanup along the Houghton Road corridor, between Golf Links and Drexel and collected more than 100 bags of trash.

Today's event is the 4th regional cleanup coordinated by Pima Association of Governments.

The public-private effort is a partnership involving PAG, Tucson Regional Economic Opportunities, Southern Arizona Leadership Council and Tucson Clean & Beautiful. The cleanup today also included PAG's member jurisdictions.

The cleanup events are designed to help improve the aesthetics of the region's main corridors to provide a positive first impression to visitors and residents alike. Private sector businesses are invited to participate in regular cleanup activities through Tucson Clean and Beautiful and to maintain landscaping on their own property along major corridors.

Tucson Clean & Beautiful, a nonprofit community-based organization, runs the Adopt-a-Street program. For more information about adopting a corridor for clean up, please visit call (520) 791-3109 or visit www.tucsoncleanandbeautiful.org. The Web site includes information about other cleanup programs available through the various jurisdictions.

Pima Association of Governments is an association of local, state and tribal governments with a mission to build consensus among its members and the public on regional planning for transportation, air quality and water quality. For more information, please visit www.PAGnet.org
